WHAT'S PRICELESS?

There is one thing that is as certain as death and taxes – at some point in time your business systems will be compromised.

When it happens... knowing there is a plan in place, that it has been well-tested, and that specialists will swing into action to implement it... that's priceless.

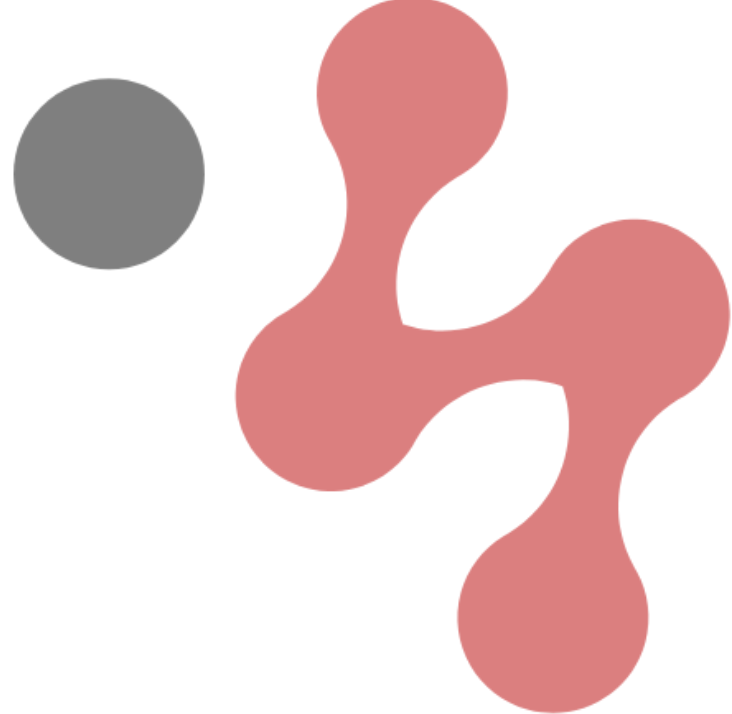

READY, SET, PIVOT...

IT managed services is not all about risk mitigation.

IT is an enabler of business pivots and growth.

At MobileCorp we don't just put out fires. We shine a light on new possibilities. We put a rocket under your great ideas for digital transformation.

BECAUSE I.T. IS
THE ENABLER
THE ENGAGER
THE TRANSFORMER

32 REASONS WHY MOBILECORP

MobileCorp has 32 years' experience as a Managed Service Provider for Australian organisations large and small.

Our remarkable history has shifted in line with the continuous change that is emerging technology.

However, there has been one constant throughout - we have a single-minded focus on delivering our best work for each customer.

We are generous with our time and knowledge.

We are pragmatic and get things done.

We know from hard won experience the value of a trusted partner.

MOBILECORP IT SERVICES

Expertise you can count on

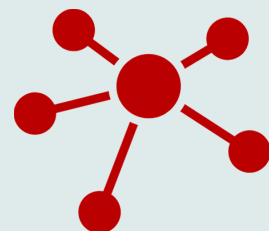

End User Support

Meet employee needs when, where, and how they work. A single point of trust.

Managed Network

Networks are dynamic threat magnets. Networks grow, shrink, change and divide themselves continuously. We keep up.

Managed Desktop

To win in the marketplace, you must first win in the workplace. We help you provide the right tools for the job.

Managed Security

Security is not a product, it's a process. Constant vigilance, proactive detection and instant response required 24/7. That's our pledge.

Managed Unified Communications

We've moved out of the Ice Age... the Iron Age... the Industrial Age... the Information Age... into the Participation Age. Collaboration is critical for the distributed workforce of 2021.

Managed Infrastructure

The building blocks of successful systems held up to scrutiny and control.

Managed Microsoft 365

The most popular business app in Australia. A single solution for all your communication needs.

Managed Mobility

Because connectivity is always mission-critical.

End User IT Services

PROTECT YOUR PRODUCTIVITY

MANAGED SECURITY

There are only two types of companies, those who have been hacked and those who will be. - R. Mueller FBI

- Email - threat detection and defence
- Desktop - anti-virus, firewalls, identity management
- Network - zero trust, identity access management

MANAGED MOBILITY

Because connectivity is always business-critical.

- Mobile Device Management
- Connectivity and Carriage Management
- Endpoint Security Management

4 OUTCOMES IT MANAGEMENT BY MOBILECORP

SLEEP EASIER - RISK MANAGED

The risk has never been greater than right now.

Phishing, malware, impersonation, data and identity theft, have all sky-rocketed with the remote work shift. Don't lie in bed at night worrying. Managed IT includes proactive threat detection, defence and remediation.

HAPPY HUMANS - PRODUCTIVITY PROTECTED

Downtime and disconnected employees are a disaster for any organisation. Peace of mind is having one point of contact for all IT-related concerns.

READY FOR ANYTHING - GROWTH ENABLED

It's not all doom and gloom. IT managed services does not just address the risks, it enables business growth. The constant rate of change means keeping up with emerging technologies and being agile - able to scale up or down - is critical for growth.

WEIGHT LIFTED - RESOURCES UNBURDENED

Being proactive is the way to protect productivity but only the largest organisations will have an inhouse resource with the breadth of skillset and the time to be hands-on available to cover all bases. This is the beauty of having a managed service provider - tap into a whole team of experts with varied knowledge and experience. Free up your internal resource to concentrate of core business and strategy.

WE WORK FOR...

Small Business

Up to 20 seats

More than anyone, Small Business need professional IT support. At MobileCorp, we've been where you are. We will tailor our IT services to your budget and provide the peace of mind and skillset you need.

Large Business

20-49 seats

IT has splintered into specialisms and even one super-clever hardworking person will be struggling to cover all of the bases all of the time. Expand your corporate skillset and capacity instantly by delegating responsibility to your dedicated MobileCorp team.

Small Enterprise

50-200 seats

Unburden your internal IT team from high volume operational tasks. Free them to focus on strategic enablement and digital transformation. Expand your capacity by offloading select tasks or simplify your vendor portfolio by consolidating the work with MobileCorp.

MobileCorp are your 'always on' IT team

A team of experienced 'always on' IT experts

- protecting your productivity
- securing your systems
- supporting your people
- promoting business growth
